DEATHS.

BARLOW.

—Mrs. Burris Barlow, nee Morris, aged 40, died at 5 p.m. Friday at her home near Little Rock. She leaves her husband and five children, including a two-weeks' old babe.

JEFFRIES.

—James Jeffries, aged 38, employed as butcher for P. Heller, was taken ill Wednesday night of pneumonia and died at an early hour Saturday morning. Mr. Jeffries was a bachelor, and is survived by his brother, John Jeffries, of this city, and a sister residing in Knoxville, Tenn. The body was taken to Vanceburg on the Louisville & Nashville train Sunday where the interment took place.

EVANS.

—Mr. J. T. Evans, one of Bourbon county's oldest and most prominent farmers, died Saturday afternoon, at the residence of his son, Charlton Evans, of near North Middletown, in the 74th year of age.

Mr. Evans suffered a stroke of paralysis last fall from the effects of which his health declined rapidly. For more than half a century Mr. Evans was actively engaged in farming and for many years was a director of the North Middletown Deposit Bank. He was also active in church circles. He retired from active business several years ago and divided his large estate among his children. He is survived by three daughters, Mrs. A. G. Jones, Mrs. William M. Jones, of Bourbon, and Mrs. Marcus Prewitt and Charlton Evans, of Montgomery county. The funeral services took place Sunday afternoon at 4 o'clock from the North Middletown Christian church and were conducted by his pastor Elder C. W. Dick, assisted by Elder L. H. Reynolds. The interment was in the North Middletown cemetery.

ALLEN.

—Mrs. Julia Allen, wife of Mr. W. B. Allen, quietly entered into eternal rest at her home on Duncan Avenue, on Sunday morning, at 1:30 o'clock, after a lingering illness of tuberculosis.

Mrs. Allen was 53 years of age and was the daughter of Mr. Bela Wood, of Nicholas county. She had been in ill health for several years. Everything that a fond and devoted husband could do was done to restore her health, different climates were tried and finally she came home to patiently and with the fortitude of a true Christian to await the call of her Master.

Mrs. Allen was of a retiring disposition, possessing all of those beautiful traits of character that makes the lovely Christian woman, the noblest work of God. A loving wife, a tender and devoted mother, has entered into

the peaceful and restful sleep only to awake and be greeted in the heavenly paradise by the loved ones who had gone before.

She was loved by a large circle of friends. It was but "to know her to love her." She is survived by her husband and one son, Thomas Allen.

The funeral services will be held at the residence this (Tuesday) afternoon, at two o'clock, conducted by Elder Carey E. Morgan. Burial in Paris cemetery.

Pall-bearers: Newton Mitchell, W. W. Mitchell, J. J. McClintock, Jos. M. Hall, Geo. R. Bell, Dr. J. T. Vansant, Thos. Henry Clay, Sr., Jos. W. Davis.

PARKER.

—W. A. Parker, Jr., died yesterday morning at 8 o'clock, at his home in Pittsburg, Pa., of pneumonia. It was quite a shock to the many friends of Mr. Parker in this city, his old home, when the news of his death was received yesterday morning. He was the youngest son of Mrs. Emily Parker, of this city, and formerly member of the well-known firm of Parker & James. After the dissolution of the firm Mr. Parker moved to Pittsburg and opened out a big clothing house in that city, but it was at an unfortunate time and his venture was an unlucky one from a financial standpoint. He has lately been traveling for a large New York house, but retained his residence in Pittsburg. Mr. Parker was 38 years of age, and is survived by his wife, nee Miss Lena Quisenberry. Mr. I. F. McPheeters left yesterday morning for Pittsburg, and in company with Mrs. Parker and Harry Parker of New York, will leave with the remains for Paris to-morrow morning.

LINVILLE.

—Mrs. Nimrod Linville died at her home, near Ruddles Mills, Sunday night. Funeral services will be held this morning at 10 o'clock, at the Methodist Church, at Ruddles Mills. Burial in Millersburg cemetery.

WESSELMAN.

—Mrs. Johanna Wesselman, aged 84 years, died at her home on the Russell Cave Pike, in Fayette county, Sunday night. Funeral services will be held at 12 o'clock today, at the grave in the Paris cemetery, conducted by Elder Carey E. Morgan. This makes the a third death in this immediate family in past two weeks.

BARNETT.

—R. P. Barnett, aged 63 years, died at his home about three miles from Paris, last evening, at 7 o'clock, with double pneumonia. Mr. Barnett was upon the streets of our city Thursday last, but remained in bed on Friday, a case of double pneumonia having developed. He was one of Bourbon's respected and thriving farmers, and widely known for his industrious habits.

He had just made up his mind to retire from the farm for a much needed rest, renting his place to his son, Clark Barnett, and had advertised his stock and personal property for sale on Wednesday.

He intended moving to Lexington to reside. He was twice married, his first wife being a Miss Clark, a daughter of the late Robt. Clark. By this marriage three children were born and now survive him—Clark and Chas. Barnett, of this city, and Mrs. John Cohen, of Lexington. His second wife, is the daughter of the late Andrew Wright, and survives him.

Funeral arrangements were not made as we go to press.

BANNISTER.

—Mrs. Crittenden Bannister, aged 22 years, died at her home, near Little Rock, this county, Sunday evening, at 6 o'clock. She gave birth to a little daughter, both mother and child dying. She was a daughter of the late John C. Talbot and a niece of Mrs. Wm. C. Bryan, of North Middletown. Mrs. Bannister was a most lovely young woman, and highly respected by all who knew her.

Tuberculosis Exhibit at Court House.

Under the auspices of the Bourbon Medical Society, Federation of Clubs, Teachers of the Public Schools, members of the School Board and public spirited citizens, Prof. Routzan, in charge of the Tuberculosis exhibit at Lexington will be in Paris to-day and will give a free demonstration in the court house at 8 p.m., and probably an afternoon exhibit for the school children. Judge Robt. L. Stout and Jailor George Judy granted the use of the Circuit Court room for that purpose. The exhibit will consist of stereopticon views and lectures and is in charge of the American Association for the prevention of Tuberculosis.

A Great Catastrophe Prevented.

The pupils of the Paris Academy, Prof. Ed. Costello's school, who were enjoying recess in the school yard Friday, a terrible railroad wreck was prevented. A telegraph pole standing near the track of the Louisville & Nashville railroad, at the north end of the high bridge spanning Houston creek, was blown down by a high wind shortly before 11 o'clock.

The pole fell across the track, and knowing that the fast express train from Cincinnati was due in a few minutes, the students rushed to the track and removed the obstruction just as the train, running at high speed, came in sight. The removal of the obstruction undoubtedly prevented a great catastrophe, as the bridge is seventy-five feet high and more than two hundred feet long.

.....PAYABLE IN ADVANCE.....**Profitless Lives.**The newspapers during the past few
days have carried two stories of so-
called "human interest" that go to-
wards illustrating how narrow and
small life may become under certain
circumstances. Oddly enough, both of
the stories to which we have referene
were from Massachusetts—one from
Essex and the other from Somerville.
In the first instance a man of the
name of Drittendon, who had lived as
if he were a victim of extreme poverty
for years, and who had frequently re-
ceived charitable aid from his neigh-
bors, died, and an examination of his
effects showed that he was worth up-
wards of \$40,000, which he had depos-
ited in the banks.In the second case, Benjamin Had-
ley, of Somerville, died, leaving an
estate of some \$1,500,000 value. He
had never indulged in any diversion,
had never spent a penny in purchasing
pleasure for any human being, had
never given a cent or a thought of
making brighter the life of himself or
any other person.These men led negative sort of lives
measured by accumulations, their car-
ers might have been called success-
ful. They piled up money, but their
wealth never did anybody good. Their
activities were always selfish. The
only happiness they ever knew was in
piling one dollar on another. They
held aloof from their kind, for fear
that one of their beloved dollars would
be required of them. They never
assisted the progress of the race.
They never lent a hand to the advance-
ment of civilization. Their existence
was barren. There was nothing of the
milk of human kindness in their
hearts. They were utterly despicable.
Their diety was the dollar.**Let Country Democrats Take In-
terest.**In a short time a State convention
will be called to select delegates, four
from State-at-large, and one from each
Congressional district, to attend the
Democratic National Convention to be
held at Denver. In these bolting
times the people are entitled to know
who these delegates are to be. The
only way they can know is for the men
who aspire to be selected for the posi-
tions to let their candidacy be known.
Before the State convention will be
held, county conventions will be called
in each county to select delegates to
attend the State Convention. The
Democrats who meet in the county
conventions have the right to instruct
their delegates as to how they shall
vote in the State Convention, what de-
legates to the National Convention they
shall vote for, and what policies they
shall ask the State Convention to adopt.The Bryan plan is for all Democrats
to attend these county conventions and
name the delegates they want sent to
the National Convention. Only in this
way can the great body of the Demo-
cratic voters have a voice in the State
and National Conventions.If there are men who want to be
sent as delegates to the National Con-
vention, they owe it to the Democrats
of the State to speak out, before the
county conventions are held, so that
the voters who attend these conven-
tions can express a choice.The Democrats of Kentucky do not
want to witness any more embezzle-
ment of power. The way to avoid that
is to instruct the delegates from each
county as to just what they shall do,
and select delegates that can be trust-
ed to obey those instructions.The country Democrats, the bone
and sinew of the party in the State,
have the power to control the State
Convention, if they will but exercise
it, to fix the policy of the party, and
to say who shall represent it at Den-
ver. If the country Democrats want
to be represented in the Denver Con-
vention by men like McNutt, Charlton,
Mueller and Lillard, and the men who
were behind them and forced them to
do what they did at Frankfort, all they
have to do is to ignore the county con-
ventions, be not concerned about the
questions as to who shall go from the
counties to the State convention, or
what the delegates do after they go
there, and Kentucky will be represent-
ed at Denver by men who are no bet-
ter Democrats than these four. The
Democrats should be on guard against
embezzlers of power.**Interesting Republican Mix-Up
in Bourbon.**Senator-elect Bradley has stirred up
the Federal office holders in Kentucky
and the fight for supremacy in Repub-
lican politics in the State will be to a
finish. The leaders of the administra-
tion forces, who are for Taft, Ernst
and Yerkes, with Bradley lead-
ing the Fairbanks crowd.The fight for control in Bourbon will
be very interesting, the two Republi-
can factions here being divided. Post-
master J. L. Earlwyne, who up to this
time, has always been one of the mov-
ing spirits of the Howard faction, is
now a pronounced Taft man, while
Judge Howard and the majority of his
old forces are for Fairbanks.Mr. James McClintock, the leader
of the opposition faction to Howard, is
for Taft and it looks to an outsider
that Earlwyne and McClintock, old
political enemies, will join forces in
their power to control the Republican
convention in this county and send
Taft delegates to the State convention.This is the way things look to a
Democrat who is on the outside of the
fence. Truly, it will be interesting to
watch the mix up in Bourbon.**Caps the Climax.**While every Democrat in Kentucky,
especially at his home, is cursing Lil-
lard for his treachery a little balm for
his wounds comes from a negro paper
published at Danville. It prints his
picture and soft soaps him as follows:
"A brave Kentuckian, who puts the
good name of his State and the inter-
est of his people above party ties and
his own political ambition, and votes
to end the dead lock in the Legislature
and to give Kentucky a United States
Senator who will represent the highest
ideas of her best citizenship." Verily,
this should cap the climax of his vault-
ing ambition.**A Foolish Story.**The Cincinnati Enquirer has a story
from Washington that ex-Senator
Blackburn turned the trick for Bradley
by getting the four traitors to vote for
him, doing so at the solicitation of
President Roosevelt, who sent for him
away down in Panama to come to his
aid, his object being to put Bradley, if
elected, under such strong obligations
to him that he would not espouse the
course of Fairbanks.It is true that there is nothing that
Blackburn would do, to get even with
Gov. Beckham, but the balance of the
story hasn't the semblance of truth.
Gov. Bradley despises the ex-Senator
and his declaration in favor of Fair-
banks, shows that he was not a party
to the deal. Senator Blackburn may
have conferred with the traitors, but
it was more substantial arguments
that did the business. Old Joe has
winning ways and is a fine talker, but
money out talks him.**Plundering the Poor.**It would hardly seem probable that
the poor people, impoverished by Re-
publican policies, would be able to re-
duce the amount of coal they burn. It
is reported, however, that the Soft
Coal Trust is only doing about half of
its usual business, and the Anthracite
Trust is producing one third more than
it can sell. Still the Coal Trusts do
not reduce the price of coal or the rail-
roads reduce their exorbitant rates for
carrying it. Another instance that the
boasted Republican trust-busting is a
failure.**Another Scandal.**Still another scandal, the latest be-
ing charges of fraud in the patent
office with the alleged conspiracy in
granting letters patent on an electric
lighting invention. But we are told
this is a Reform Administration, yet it
has yielded more frauds, scandals and
investigations than any other Adminis-
tration.**Slap at Teddy.**The House Committee on Coinage,
Weights, and Measures has reported in
favor of the bill to restore to certain
coins the motto "In God We Trust,"
which was removed from such coins
by order of the President. This is a
slap at Teddy.It is most worth being away from
home to find, upon returning, how
much she has missed you.**F. R. PHILLIPS**

Extra Session of Legislature.

The calling of an extra session to consider the County Unit Bill is spoken of in Frankfort as a certainty. Members of the Legislature in a position to know are convinced that such will be the course of Governor Willson.

The action of the Senate Thursday in so changing the rules as to require a two-third vote to suspend the rules, and placing the calling up of bills in the hands of the rules committee alone, is regarded as precluding the passage of the County Unit bill at this session.

Friends of the measure believe that at an extra session, with no other legislation to interfere, the bill would be passed.

Governor Willson declines to discuss the subject of an extra session, regarding it premature when the close of the session is less than ten days away.

The fact that this legislation was a plank in the Republican platform, it is believed that the temperance forces will insist upon the extra session.

Rank Foolishness.

"When attacked by a cough or a cold, or when your throat is sore, it is rank foolishness to take any other medicine than Dr. King's New Discovery," says C. O. Eldridge, of Empire, Ga. "I have used New Discovery seven years and I know it is the best remedy on earth for coughs and colds, croup, and all throat and lung troubles. Most children are subject to croup, but New Discovery quickly cures every attack."

Now the world over as the King of throat and lung remedies. Sold under guarantee at Oberdorfer's drug store. 50c and \$1.00. Trial bottle free.

Indignation Meeting at Danville.

A crowd variously estimated at from 1,000 to 1,200, gathered in Danville Thursday to express indignation at the action of Representative E. W. Lillard, in voting for W. O. Bradley. Twenty fiery speeches were delivered and Mr. Lillard was ridiculed in the most scathing manner. When chairman R. G. Evans in an outburst of oratory declared "the hell hounds of conscience will trail him to the grave, the crowd shouted."

W. J. Price, County Attorney, was loudly cheered when he declared that great consideration and sympathy were felt for the estimable family of Mr. Lillard. Resolutions were unanimously adopted commending the past record of former Governor Beckham, and the assembly placed themselves on record as favoring Beckham for committeeman-at large to the National Democratic Convention. Resolutions were adopted asking Lillard to resign at once, and authorizing a copy of the proceedings be sent to each member of the General Assembly in order that Boile county's stand for Democracy may be known. H. G. Wingate, who made one of the speeches of the day, compared Lillard with Judas Iscariot.

SUNLAND CHIEF, Bay Stallion, 16 hands high, foaled in 1902; perfectly sound. Sired by Harrison Chief, Jr.

1st dam "Becky," dy Westwood 2363.
Harrison Chief, Jr., sired by Harrison Chief. 1st dam by Peavine; 2d dam by Edwin Forrest 49.

Westwood by Blackwood 74, dam Favorite by Abdallah 15.

SUNLAND CHIEF, is the best harness stallion that has been in Kentucky since Harrison Chief. He has fine all-round action and is fast, natural trotter.

In the show ring he has won at Cynthia, Georgetown, Lexington and Paris, Ky., fairs.

At Cynthia last year he defeated ten aged harness stallions, including the Champion of the Blue Grass Fair in 1906 and the Champion of State Fair in 1905.

At Paris Fair in 1907 he won the Aged Harness Stallion Ring and the Sweepstake Roadster Stallion Ring.

SUNLAND CHIEF's pedigree is full of the blood of the great show horses, Joe Downing, Indian Chief, Peavine, Harrison Chief, and the great mares, Lizzie Peebles, Favorite and Lute Boyd.

SUNLAND CHIEF is type of the horse that brings to the breeder and farmer ready money; without much handling. That he will reproduce himself is beyond doubt.

"Ben-Hur" to Be Staged at the Opera House, Lexington.

When the curtain is drawn at the Opera House, Lexington on Thursday evening, March 19, the most elaborate, magnificent and historically correct production will be disclosed that has ever charmed and enthralled a theatre audience, for this will be the premiere of the Chicago Auditorium production of "Ben Hur" in Lexington. More than three years have elapsed since "Ben Hur" was presented in Lexington. At that time hundreds journeyed from this vicinity to witness it. No doubt the same excellent patronage will mark the forthcoming engagement.

"Ben Hur," with its lustrous Star of Bethlehem, its camels, Arabian steeds, Oriental trappings, and mimic splendor of the "gorgeous East" is beyond dispute the most elaborate spectacle ever staged in the history of the world. Its series of 17 scenes present to the eye a feast of multifarious beauty and variety, all set to a symphonic accompaniment of graceful music. The exciting episodes, such as the gaily scene with its horde of chained slaves; the sea-fight, and rescue in mid-sea and the thrilling race with two chariots and eight horses, combined with the picturesque scenes illustrating the Wise Men in the desert, the moonlit lake in the Orchard of Palms where Ben Hur and Iras enjoy seclusion and make love in Iras' barge, the palm-waving worshippers on Mt. Olivet, and the Grove of Daphne with nymphs dancing in the skins of beasts to the music of kissing cymbals—simply captivate audiences wherever it is enacted.

"Ben-Hur" appeals to all classes, all ages and all denominations of the Christian faith, and draws to it, as to a place of worship hundreds of thousands who seldom, if ever, set foot within a theatre. The person of the Savior is never made to appear bodily in the play, yet in the scene in which the healing of the lepers is implied the approach of the Master is indicated by a stream of pure white light amazing in its effectiveness. This scene is the most remarkable of the play and is heightened in impressiveness by the singing of a chorus of one hundred voices, joining in "Hosannas" of praise to the Lord.

The engagement of "Ben-Hur" is for three nights only, opening on Thursday, March 19, with a special matinee performance on Saturday, March 21. Seats for the "Ben-Hur" season will be placed on sale Monday, March 16. Mail orders, accompanied by remittance, will be filled in order of receipt. The scale of prices will range from 50 cents to \$2.00. All communications should be addressed to Mr. Charles Scott, manager of the Opera House, Lexington.

A System of Dietetics.

"How do you account for Dr. Parker's enormous practice?" "He finds out what his patients don't like and then he forbids them to eat it."

Road Hospitality.

Kentucky has long been famed as a State of broad hospitality, but an incident recently heard about a certain Blue Grass plantation seems to express all the traditional hospitality of the great State in one capsule. It is said that at the entrance of the fine woods tract where the timber has not been disturbed and where the squirrels play among the trees and game is abundant, there appears—instead of the usual admonition not to trespass—this sign, "Hunt all you d—n please, and when the bell rings come to dinner."—Nashville Tennessean.

ECZEMA NOW CURABLE.

All Itching Skin Diseases Which are Not Hereditary Instantly Relieved by Oil of Wintergreen.

Can Eczema be cured? Some physician say "Yes." Some say "No."

The real question is, "What is meant by Eczema?" If you mean those scaly eruptions, those diseases which make their first appearance, not at birth, but years afterward, and perhaps not until middle age—then there can no longer be any question that these forms of Eczema are curable.

Simple vegetable oil of wintergreen, mixed with vegetable ingredients, will kill the germs that infest the skin. Apply this prescription to the skin and instantly that awful itch is gone. The very moment the liquid is applied, that agonizing tantalizing itch disappears, and continued applications of this external remedy soon cure the disease.

We carry in stock this oil of wintergreen properly compounded into D. D. D. Prescription. While we are not sure that it will cure all those cases of skin trouble which are inherited, we positively know that this D. D. D. Prescription, whenever rightly used, will cure every last case of genuine Eczema or other skin trouble, which did not exist at birth.

We know this. Anyway you, yourself, will know that D. D. D. Prescription instantly takes away the itch the moment it is applied to the skin. C. J. Clarke & Co., Paris, Ky. Stop that itch to-day—instantly. Just call at our store and try this refreshing and soothing liquid; also ask about D. D. D. Soap.

A Tribute to Solomon.

"Thar never was a boy born into the world that don't have to have the hickory put to him more than once, an' the oftener the better," said Mr. Billy Sander. "You may think my talk is harsh, but the more I love a boy, the more I want to see him come under some strong an' heavy hand, bekase I know it's his only salvation. You may look back on all the youngsters you've know'd, an' you'll find that we aint got any more wisdom than Solomon, ef as much. He tore the bottom out of the basket in mighty few words. 'Spar' the rod an' spare the child.' Ef he'd 'a' never said nothin' else, them seven words would 'a' made him the wisest man the world ever seed. No newspaper paragrapher has ever beat it yet. Ef brevity's the sale of whitleather, your Uncle Solomon has got it down mighty fine; ef he aint, you may call me Mabel, an' print in the paper that I've done gone an' eloped wi' a college fiddler named Clarence Raymond."—Joel Chandler Harris in Uncle Remus's Magazine for March.

Declared the Candidate.

Judge O'Rear being the only candidate for the Republican nomination for the Court of Appeals from his district the committee met at Mt. Sterling Monday and declared him the nominee, thus doing away with the convention as originally called.

English Manners Criticized.

A man shoves past a woman on a staircase, or he leaves her standing while he sits. He comes into a crowded public room with his hat on and talks loudly, as if all the place belonged to him. His womenkind do the same. At present the workingman has the best manners, the middle class the worst.—London Graphic.

We cannot be, at the same time, kind and wary; nor can we serve two masters—love and selfishness.

A Higher Health Level.

"I have reached a higher health level since I began using Dr. King's New Life Pills," writes Jacob Springer of West Franklin, Maine. "They keep my stomach, liver and bowels working just right."

If these pills disappoint you on trial, money will be refunded at Oberdorfer's drug store. 25c.

YOU ARE NEXT AT "BUCKS."

When in need of a first class shave call at Buck's place and you will be given first-class service. You can always catch a turn. Three polite barbers to wait on you. Buck's new bath room is complete, nice porcelain tubs, hot water at all times and polite attendants to take care of your wants.

Bourbon Circuit Court.

The March term of the Bourbon Circuit Court convened yesterday morning with Judge Robt. L. Stout on the bench and Commonwealth Attorney Robt. B. Franklin at his post of duty. After the reading of the orders by Circuit Clerk Butler the following gentlemen were called by the Sheriff to take their places in the box to serve as Grand Jurymen, and were sworn in for that purpose: V. W. Ferguson, foreman; Chas. Stevens, Jno. S. Talbott, W. P. Ardery, W. Harney, J. H. Letton, Nat. Collier, John T. Purdy, Ed. Clark, S. R. Butler, Warren Ingels, A. B. Campbell.

Judge Stout's instructions to the jury were mostly in regard to the tobacco situation and were well put. He said in substance, that they were called to do service for the State and county, and ought to be congratulated for the reputation of Bourbon county for law and order throughout the confines of the State of Kentucky. That these assets were of no small value, it made the county a most desirable place to live and enhances the value of its real estate; that this reputation should be jealously preserved and kept free from stain. He further said that the reputation of the State had suffered in the past few months; that it had become an outlaw in the eyes of sister States by the unbridled lawlessness, riot, arson and murder that had been raging at Hopkinsville, Princeton, Eddyville and other points. The whole State suffers from these outrages in the communities mentioned. He impressed upon them that each community should preserve its own good name.

He was informed that Bourbon county was free from any of the outrages referred to but he had learned from one of the county officers that an independent tobacco grower had been threatened. He has a legal right to raise a crop of tobacco. He said he did not propose to discuss the matter, or abuse anybody, he wanted a spirit of fraternity and mutual co-operation to exist between the Equity people and the Independents—they were neighbors. He said that there were laws on the Statute books against trusts and just so sure as the sun rises and sets lawlessness will be stopped in Kentucky, law must prevail and will in the old Commonwealth.

Equity, independents and trusts stand alike before him when it comes to lawlessness. He wanted them to summons parties from both sides of this question before them and the officers of the county and get all of the information possible on this subject.

He called their attention to the liquor laws, gaming laws, game and fish laws and petit misdemeanors, the latter often becoming crimes of large magnitude.

Court then adjourned until 9 o'clock this morning.

Both Mr. Boardman and Mr. Potts rented the farms of Mr. Vice for the ensuing year upon conditions that they raise no tobacco.

Turnpikes in Bad Condition.

We have heard in the past few days considerable talk upon our streets about the bad condition of several of the turnpikes in the county. Yesterday a gentleman said it was really dangerous to ride on the Flat Rock pike after night, for fear of being thrown from your vehicle by a wheel going in the bad places. Surely Bourbon county is spending enough money on turnpikes as to not allow such talk as this. One gentleman in different part of the county, Austerlitz neighborhood, told us the other day he was going to indict the county if something was not done to his pike.

Small Pox in Bourbon.

There have been six cases of small-pox reported by Dr. McClure from the Little Rock precinct, this county, and one case reported from Shawhan Station.

It has been reported here for several days that there were over 300 cases of small pox in the city of Lexington, and not a line of warning has been given our people who frequent that city in any of the Lexington newspapers. The cases now in Bourbon are said to have been traced and found to have come from Lexington. We would advise our citizens to keep shy of Lexington at the present time.

County Clerk's Report.

County Clerk Pearce Paton filed his report in Circuit Court yesterday, which takes in the business of his office from November 1st, 1907, to March 1st, 1908. The report shows that there had been 83 deeds filed during that time; 49 mortgages recorded; 34 marriage licenses issued; 24 seals; 1 license for retailing spirituous and vinous liquors and 11 for retailing spirituous vinous and malt liquors; 1 for soft drinks; 1 for skating rink; 1 for billiard and pool tables; 3 to cigarette dealers; 4 to stand bulls; 3 to dealers in oleomargarine.

Total amount remitted to State Auditor, \$1,791.93; amount paid to M. F. Kenney, Jury Commissioner, \$641.07; amount due County Clerk by Commonwealth, \$17.15.

This is the first time in fifteen years, since the panicky times of 1893, that the balance of one of these reports has been in favor of the Clerk. This is a good demonstration of the effects of the recent panic in this county. It shows that money was not obtainable from the banks to invest or to borrow on mortgages. This report shows a decrease of 114 deeds and mortgages compared with report of the same four months one year ago.

Sale of Bourbon Farm.

As agent for the heirs of Daniel Stuart, of whom his wife is one, W. A. Newman, of Lexington, sold Friday the remaining 175 acres of the Dan Stuart farm, two miles from Muir Station, for the reported price of \$80 per acre. The sale was private. The purchaser was Bishop Hibler, of Paris. The Stuart farm, which originally comprised about 600 acres, situated partly in Bourbon county and partly in Fayette, is one of the best-known tracts in the Blue Grass. It was settled in the early pioneer days of Kentucky. The portion which was sold Friday is located in Bourbon county and includes the old log house built more than a century ago and which is still in a good state of preservation. Mr. Hibler will take possession of the property at once.

Master Commissioner's Sale

—OF—

Bourbon Land!

BOURBON CIRCUIT COURT.
Julia Letton, Administratrix, etc., Plaintiff
Vs.—NOTICE OF SALE.
Thompson Tarr, etc., Defendant

Pursuant to a judgment and order of sale made and entered in the above styled action at the November, 1907 term of the Bourbon Circuit Court, the undersigned Master Commissioner of the Bourbon Circuit Court, will, on

Monday, March 16th, 1908,
at the court house door in the city of Paris, Kentucky, about the hour of 11 o'clock a. m., sell at public auction to the highest and best bidder the property hereinafter described upon credits of six and twelve months for equal parts of the purchase money, for which the purchaser will be required to execute bonds with good surety, payable to the undersigned Master Commissioner, bearing interest at the rate of 6 per cent per annum from day of sale until paid, having force and effect of a judgment. The property to be sold is described as follows:

A tract of 2 acres, 1 road and 80 poles of land lying near Jackstown in Bourbon county, Kentucky, beginning in the center of the Little Rock and Jackstown turnpike opposite the junction of road towards Little Rock, thence with the Paris & Jackstown pike N. 26, E. 67 poles, N. 71-4, E. 15.24 poles to the center of the Paris & Jackstown pike; thence with the latter pike N. 77, E. 3.70 poles then 56.1-4 E. 6.96 poles to an iron pin in the center of said pike; thence with the road towards Little Rock S. 11, W. 35.94 poles; then S. 49, W. 28 poles to the beginning, and having a house thereon and being formerly a portion of the Verinda Cray farm.

RUSSELL MANN,
Master Commissioner Bourbon Circuit Court.

Printed By Request.

Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority that these simple, harmless ingredients can be obtained at nominal cost from our home druggists.

The mixture is said to cleanse and strengthen the clogged and inactive kidneys, overcoming Backache, Bladder weakness and Urinary trouble, of all kinds, if taken before the stage of Bright's disease.

Those who have tried this say it positively overcomes pain in the back, clears the urine of sediment and regulates urination, especially at night, curing even the worst forms of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons.

The Scranton (Pa.) Times was first to print this remarkable prescription, in October of 1906, since when all the leading newspapers of New York, Boston, Philadelphia, Pittsburgh and other cities have made many announcements of it to their readers.

Regret for Wasted Life.

Moody, the evangelist, used to tell of a man who spent 60 years of his life amassing a great wealth, and at last his mind gave way. They took him to the insane asylum and he threw himself into a chair crying out in agony: "Millions of money, and in a madhouse!"

PUBLIC SALE

LIVE STOCK AND CROP NOTES

—Corn, brought \$3.25 a bbl. in the crib and cows \$45 to \$50 at John Brand's sale in Fayette.

—If the young colt gets stunted it will never attain the growth it should. It can be made fat, but not large. Keep it growing.

—At Thompson & Duckworth's sale of Jersey cattle, in Jessamine county, 19 cows and calves averaged a fraction over \$55 and twelve heifers averaged \$43.75.

—An Angus bull, valued at \$500, and five blooded Berkshire hogs, belonging to Chas. E. Marvin, of Paynes Depot, were killed by lightning last Sunday.

—Shoes should not be left on a horse longer than six or eight weeks without being reset. Many a foot is ruined by not attending to this in time.

—The health and strength of the farm team should be guarded at all times. It will never pay to wear out a good horse just to get a certain amount of work done.

—When horses persist in rubbing their rumps against things you better scrub the animal with a good coal tar dip to kill the mange or lice, as the case may be.

—If you have good stallions in your community, get a pair of pure-bred mares and get into the most profitable horse-breeding. You will soon breed into a handsome income every year.

—Animals appreciate regularity the same as people. They get into the habit of having feed and water at regular times and will suffer from irregularity.

—Thos. McClintock & Sons, of Millersburg, sold Friday, sixteen head of 800-lb. cattle to T. L. Best, of Mason county, for \$84.50 per head; and one 3-year-old Jack to J. M. Finch, of Mason for \$1,050.

—The next annual meeting of the America Saddle Horse Breeders' Association, will be held at the Seelbach Hotel, in Louisville, April 10th. It is expected that a larger attendance than usual will be present. The interest seems to be growing year by year.

—Receipts on the Chicago market for three days last week, compared with the same period last week, in round number decreased 2,900 cattle and increased 3,300 hogs and 1,000 sheep. Compared with the same period last year cattle decreased 300, hogs increased 47,600 and sheep decreased \$3,000.

—When an exercising lot can be had, it should be long and rather narrow, so as to prevent the horse from running in a circle, which so often results in a slip or a fall, which may prove to be very injurious to the animal. In a long lot the animal will have a chance to extend itself.

—Clover and alfalfa make the best pasture for hogs. Every farmer who raises hogs should provide them with a good pasture. Rape is one of the excellent crops for this purpose, as it furnishes an abundance of succulent feed, but it is of a carbonaceous nature and should be fed with nitrogenous concentrate. Red clover and alfalfa are the better crops to use.

—A good cheap blacking for harness which is to be applied with a sponge and polish with a brush, is prepared as follows: Melt 4 ounces of mutton suet with 12 ounces of beeswax, then add 12 ounces of sugar candy, 4 ounces of soft soap dissolved in a little water and 2 ounces of finely powdered indigo. This, when well mixed, is thinned out with half a pint of turpentine. Frequent applications of this mixture will render the harness waterproof and greatly increase its durability.

—Down in Oklahoma farmers are forming "acre clubs," each member taking one acre for an experimental crop, doing his best with it, and when the season is over reporting his experience, inclusive of mistakes and describing his methods. This is the most practical form of agricultural education and the plan might be adopted elsewhere. Few farmers are so skilled in agricultural science that they can not learn something from their associates. The Oklahoma plan is a kind of extension of the experiment station, a reproduction in miniature of the individual farm of the principles governing the stations. It is a most excellent idea and if generally carried out will prove of great educational benefit.

Sheep Have Rabbits.

Nearly forty head of sheep belonging to Will Lewis, a farmer of Simpson county, have gone mad as the result of dog bites. A rabid animal was at large among them some days ago, and one by one the sheep have been dropping off and dying.

Important Bills Passed.

The Creel tobacco bill, providing a fine up to \$250 for the buying or selling of pledged tobacco, passed the Senate Friday by a good-sized majority. Friends of the measure believe that it will prove a strong preventive to "night riding."

An amendment was inserted in the bill making the penalty lie against any one who "knowingly" buys pooled tobacco. As the House later concurred in the amendment, the bill will become a law as soon as signed by the Governor.

The House passed the bill to change the system of governing the county schools of the State from the present trustee system to the county board method, by the vote of 52 to 23. But two amendments were tacked on to the committee's substitute for the original bill, one by Representative Haswell, of Breckinridge, requiring the new School Board to establish a high school in every county which may not have one within a period of two years, an one within a period of two years, and one by Representative Beard, of Shelby, exempting school districts created by special acts and having special school funds from the provisions of the bill.

The Bourbon Fiscal Court met, Friday in adjourned session with Judge Denis Dundon presiding, and Esquires Mann, Thomason, Hopkins, Redmon, Claybrook, Barlow and Keller present.

COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formula, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a thorough and fair trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.

Unequaled as a Cure for Croup.

besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequaled as a cure for croup," says Harry Wilson, of Waynetown, Ind. When given as soon as the croupy croup appears, this remedy will prevent the attack. It is used successfully in many thousands of homes. For sale by W. T. Brooks. "You need no other guarantee."

A Cure for Misery.

"I have found a cure for the misery malaria poison produces," says R. M. James, of Louellen, S. C. "It's called Electric Bitters, and comes in 50 cent bottles. It breaks up a case of chills or a bilious attack in almost no time; and it put jaundice, clean out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints and the misery of lame back. Sold under guarantee at Oberdorfer's drug store.

Another Goes to Pasteur Institute.

Following the departure for the Pasteur Institute, of Chicago, of John Splan, the noted horseman, Virgil Kennedy, son of J. F. Kennedy, left Lexington Tuesday.

Both were among the number of Lexington people bitten by the mad dog which was at large last week. When Kennedy's clothes were examined the poisoned froth from the brutes mouth was on them.

Prof. H. A. Howell, of Havana, Cuba, Recommends Chamberlain's Cough Cure.

"As long ago as I can remember my mother was a faithful user and friend of Chamberlain's Cough Remedy, but never in my life have I realized its true value until now," writes Prof. H. A. Howell, of Havana, Cuba. "On the night of February 3rd, our baby was taken sick with a severe cold, the next day was worse and the following night his condition was desperate. He could not lie down and it was necessary to have him in the arms every moment. Even then his breathing was difficult. I did not think he would live until morning. At last I thought of my mother's remedy, Chamberlain's Cough Remedy, which we gave, and it afforded prompt relief, and now, three days later, he has fully recovered. Under the circumstances I would not hesitate a moment in saying that Chamberlain's Cough Remedy, and that only, saved the life of our dear little boy." For sale by W. T. Brooks. "You need no other guarantee."

Presidential Beliefs.

Views as to Presidential success next fall are mixed. A faction of the Democratic party, principally in the Eastern States say that Bryan will be nominated by the Democrats and will surely be defeated. A faction in the Republican party says he will be nominated and will defeat any Republican candidate except Roosevelt and are frantically urging him for a third term. Another faction of the Republicans are afraid Roosevelt will eventually be nominated, and declare if he is that Bryan will again be the Democratic candidate and that unless business condition get much better, he has a first rate chance for election.

"The men say that any woman who has common sense can keep house well, but each of them freely admits that it takes exceptional ability to manage his business."

Don't entirely fill a rubber hot-water bottle. When partly full rest it on something and press the top down until the water rises in the neck; then screw on the top. This drives out the air and keeps the water hot longer.

Set the broken umbrellas away and keep them till the umbrella man comes round. He may save you the cost of a new umbrella.

CONSUMPTION'S WARNING

Inside facts soon become evident in outside symptoms.—Dr. G. G. GREEN.

¶The aid of scientific inventions is not needed to determine whether your lungs are affected. The first symptoms can be readily noted by anyone of average intelligence.

¶There is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Boschee's German Syrup, which is made to cure consumption.

¶It is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration. ¶But no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.

Nebraska Instructs for Bryan.

Instructing their delegates to "vote as a unit" or the presidential nomination of William Jennings Bryan at Denver next July, the members of the Nebraska Democratic Convention Thursday made clear officially that his home State will support Bryan principles throughout the National Convention of the party. They followed this action by turning out en masse to cheer a platform which admittedly reflects Bryan's views on national affairs, and to greet their leader with an outburst of cheering that brought a flush of pleasure to the countenance of the recipient. All the proceedings of the day were planned with an ascending scale of enthusiasm in view.

How well this worked out was evidenced by the scenes in the convention hall Thursday night. Close on 1,000 delegates, hundreds of other active party members and thousands of private citizens hailed Mr. Bryan as "the next President of the United States." Applause that quickly changed to cheers, then instantly turned in a wild yell, greeted him when he appeared to begin the speech which wound up the day. During his remarks this demonstration was renewed frequently, and at the end was repeated with renewed vigor.

New Law in Effect.

A big freight train on the Queen & Crescent road, which was on its regular run from Cincinnati to Danville, was held up at Lexington at 3 o'clock Friday morning on account of the new law which provides that no train crew should be in continuous service for more than sixteen hours, the law having gone into effect Tuesday.

When the train, which was a local freight, arrived at Lexington at 11 o'clock Friday morning, it had been on the road fourteen hours, and as it had many stops to make between there and Danville, it was obviously not possible for it to reach that city within the remaining two hours.

The officials of the road therefore ordered it held at Lexington until the eight hours of rest for the crew provided by law had elapsed. It left there Friday at 11 o'clock, when the eight-hour interval had elapsed.

This is the first example in Kentucky of the operation of the new law.

Repeal of Tobacco Tax.

Representative Johnson, of Kentucky, expressed the opinion at Washington Friday that the bill repealing the tax of six cents a pound on leaf tobacco would become a law this session. The latter body has passed it twice but it has always died in the Senate Committee on Finance.

Mr. Johnson says he has taken pains to learn the sentiment of the House and the Senate, as well as to do all he could to line up members for the bill. He believes it will get through the House early enough to give it time to pass the Senate also.

The New York Sun prints a story from its Washington correspondent to-day to the effect that members of Congress from the Southern and Pacific Coast States had formed an alliance for the purpose of passing laws restricting the immigration of Asiatics and preventing legislation affecting Southern negroes which may be opposed by Southern whites.

While there is no formal alliance between the members from the two sections named, there is a general understanding that far Western Republicans and Southern Democrats will stand together to secure or prevent what may be termed "racial" legislation.

Cautious Modern Lover.

We must remember that the wise man of to-day falls in love with the modern girl for other qualities than her mere beauty or personal charm—Heath and Home.

The McCord Tobacco Bill.

The McCord Tobacco Bill, which brings the tobacco business under the police authority of the State, and passed the Lower House the other day, is one of the bills which is backed by the Society of Equity.

Briefly stated, the bill as passed provides that any person or corporation engaged in the business purchasing or manufacturing tobacco in this State shall pay a license tax equal to ten cents on each one thousand pounds of tobacco grown in this State, the amount of said license to be determined by the Commissioner of Agriculture, and the sum so derived to be expended for the purpose of fostering the tobacco industry of this State. It further provided that the courts shall have jurisdiction of violations of this law constituting forfeiture of license, and any person or corporation engaged in purchasing or manufacturing tobacco in this State without the license required shall be guilty of a misdemeanor, punishable by a fine of not less than \$100 nor more than \$1,000 for each day such a business is carried on without a license.

Convict Marriages.

French female convicts have one privilege that female convicts of other countries do not enjoy—they are allowed to get married. But the husbands must also be convicts. Every six months a notice is circulated in the female penitentiaries calling upon all women who feel minded to go out to New Caledonia, in the South Pacific, and be married to make application to that effect through the governor. Elderly women are said to be prompt in making such applications, but they are not entertained as the candidates must be young and exempt from physical infirmities. The selected candidates have to sign engagements promising to marry convicts and settle in Caledonia for the remainder of their lives. On these conditions the government transports them and gives them an outfit and a ticket-of-leave when they land at Noumea. Their marriages are arranged for them by the governor of the colony, who has a section of well behaved convicts for them to choose from, and each girl may consult her own fancy within certain limits, for the proportion of marriageable men to women is about three to one. Sometimes wardens or free settlers have wooed a pretty female convict, but before being permitted to marry her must place themselves in the position of a ticket-of-leave man and undertake never to leave the colony.

Rapid changes of temperature are hard on the toughest constitution.

The conductor passing from the heated inside of a trolley car to the icy temperature of the platform—the canvasser spending an hour or so in a heated building and then walking against a biting wind—know the difficulty of avoiding cold.

Scott's Emulsion strengthens the body so that it can better withstand the danger of cold from changes of temperature.

It will help you to avoid taking cold.

Street Lighting.

Considerable interest is now being
manifested in regard to the bids for
lighting the streets, which was received
at the last Council meeting from the
Paris Gas Company and the Paris
Electric Light Company.

Upon being interviewed, Mr. Allen,
of the Electric Light Company, stated
that the matter was in the hands
of the Light Committee, and he was
very hopeful of securing the entire
contract for his company. In discuss-
ing the question he said:

"These figures are bound to speak
for themselves. We have suggested
two arrangements and if our bid is
accepted as a whole and the city
desires to place one of our lights at
every point where there is now located
a gas post, it will save \$1,198 per year;
or if the city should adopt the arrange-
ment we have suggested it will save
\$1,561 per year. On the total contract
the amount thus saved the city by
accepting our proposition as a whole
is \$2,336 and \$3,122, respectively."

"The question about the statement
he had made to the effect that the Gas
Company is charging the city more for
its gas than they charged the private
consumers, he replied:

"I made that statement and I am
satisfied that a thorough investigation
will prove the truth of it. We charge
the city considerably less for our cur-
rent than we get from the private con-
sumers, which, I think, is a correct
policy. You see there is a large num-
ber of citizens that cannot afford to

use either gas or electric lights, or do
not use either, and they should not be
required to stand an extra burden of
taxes in order that one company may
reduce the price of its product to those
who use it and can afford to use their
product, on the other hand those who
use either or both lights are usually
large tax-payers and therefore share
alike in whatever reduction is made
the city in lighting the streets."

MILLERSBURG ITEMS.

—Fresh fish, the very best the mar-
ket affords at Proctor & Co.'s.

—Mr. William Sheeler, of Richmond,
was the guest of his parents from
Saturday till Monday.

—Miss M. B. Clark left Monday for
a week's sojourn in the wholesale mil-
linery houses of Louisville, where she
will purchase a part of her large and
handsome stock of millinery.

—Vincent Case, of the firm of Case
& Co., sold on Thursday his interest in
the bakery and restaurant to Mr.
Arrol Case, who will continue to con-
duct the business. Vincent Case will
probably locate in Paris. He is a good
baker and gave perfect satisfaction
while in business here. We regret to
give him up. The new firm will keep
the business up to the present standard
and deserve the patronage and en-
couragement of our people. A bakery
is something that has been long need-
ed here; and now that we have it we

must patronize it if we expect to keep
it.

—Mr. Mack Grimes, of Atlanta, Ga.,
is the guest of his brother, Mr. John
Grimes.

—Josephine, little daughter of Mr.
and Mrs. Ashby Leer, is ill with
chicken-pox.

—Mr. Thomas Best, of Mayville,
was the guest of his sister, Mrs. J. A.
Miller, Wednesday.

—Miss Florence Vimont as the guest
of her sister, Mrs. W. A. Munzing, of
Mayville, from Friday till today.

—Mrs. O. W. Ingels and sister, Miss
Elizabeth Allen, attended the funeral
of Mr. A. K. Marshall, at Flemings-
burg, Thursday.

—Just received a car of Genuine
Kazawha Salt, the best and cheapest
salt on earth.

PEALE COLLIER & CO.

—Mr. J. G. Smedley returned from
New York Saturday, where he purchas-
ed a large line of spring and summer
dry goods, which will arrive in a few
days.

—Rev. T. W. Watts and Prof. C. C.
Fisher left Monday for Pittsburg to at-
tend the Young People's Missionary
Convention of the Methodist church
South.

—Mr. and Mrs. Berry Bedford have
moved to Lexington. Their daughter,
Miss Emma, will remain with her
grandparents, Mr. and Mrs. I. F.
Chanslor, until the M. F. C. closes.

—The many friends of Mrs. Mary K.
Baxter will be glad to learn that she
has about recovered from a recent ill-
ness. Mrs. Baxter formerly resided
here but is now a resident of Detroit,
Mich.

—Miss Julia Miller left Monday for
Los Angeles, Cal., where she will
spend several months with her brother,
R. A. Miller. She will be joined at
St. Louis by her aunt, Mrs. Martha
Savage, who has a son there.

—Miss Ruth McClintock will enter-
tain a house party of the following
young ladies beginning with Friday,
and continuing until the 28th. Miss
Edythe McGinnis, Eminence; Miss
Helen Hayden, Lexington; Miss Mary
Gudgell, Owingsville and Miss Mildred
Kemper, Mt. Sterling.

—Mr. and Mrs. H. T. Boulden who
were married at Brooksville recently,
were guests of his brother, Postmaster
R. B. Boulden, Wednesday and Thurs-
day. They will visit relatives at May-
ville and Sardis for a short time before
settling on their newly purchased
Mason county farm.

—The new soda fountain of Smith &
Wadell, which was purchased some
months ago, through Mr. George
Wadeil, of Atlanta, Ga., arrived Fri-
day and was put in place. The store
room which has been undergoing a
general remodeling on the interior for
the past two weeks is about completed
and is one of the nicest in the county.
They sold their old fountain to James
Madden, colored, who had it put up in
his restaurant Friday and served the
first drinks from it to many of the
dusky damsels the same evening.

—Ingels, Cray & Co. have the largest
and handsomest line of ready clothing
for men and boys even shown in Mil-
lersburg. Their new spring stock is in
and up-to-date. Why go away from
home to buy your clothes when you
can get what you want here for less
money and just as good. They have
been very painstaking in their selec-
tion and are prepared to satisfy all
from the humblest to the most fastid-
ious. Give them an opportunity of pro-
ving this to you. Call and see for
yourself and if you want clothes you
are sure to buy.

—Don't forget the Hal Merton enter-
tainment at the opera house tonight.
Seats on sale at opera house drug
store. This is the third of the series
given by the alumnae of the M. F. C.
much is expected of it as each enter-

tainment so far has proven better than
its predecessor. Special attention is
called to the fact that the wonderful
effects are produced without the aid of
apparatus. He has won the title,
"Master of Magic."

—Miss Catherine Layson is some
better.

—Mr. R. M. Caldwell, who has been
on the sick list for the past week, is
out again.

—Mrs. C. W. Howard left Thursday
for a visit to her sister, Mrs. David
Hood, at Nepton.

—Mr. and Mrs. Letton Vimont at-
tended the funeral of her mother, Mrs.
Dudley, of Carlisle, Sunday afternoon.

—Mr. and Mrs. John Marr, of Car-
lisle, have moved to their new home,
lately purchased from Mr. J. J. Peed.

—The home of Joe Green, colored,
was destroyed by fire about two
o'clock Monday morning, with its con-
tents.

—Mr. C. W. Howard attended the
funeral of Mr. William Berry, of
Moorefield at Carlisle Monday after-
noon.

—This is the season for garden
seeds. We have them fresh, also farm
seeds and all varieties of potatoes.
LOUIS VIMONT.

—G. F. Jones returned Friday from
Martinsville, where he has been under
treatment for the past two weeks. He
is much better. Mrs. G. F. Jones and
daughter returned the same day from
a visit to Mrs. Margaret Miller, of
Cynthiana.

—Mrs. Anna Boulden, son George
Boulden, and daughter, Miss Lillie, of
Detroit, Mich., are spending the win-
ter in California. They write that the
climate is delightful and all are doing
nicely. They formerly resided here
and have many friends who are in-
terested in them.

—The Sunday School Association
will hold a one-day meeting at the
Presbyterian church today. W. T.
Vaughn, Field worker in Kentucky, is
in charge of the work and comes high-
ly recommended. The morning exer-
cises begin at 9:30 to 11:30; afternoon,
2:25 to 4:15; evening, 6:45 to 7:45.
Evening subject, "The Sunday School
Awakening." The exercises will close
in time for the entertainment at the
opera house. Buy your tickets early
and this will give you ample oppor-
tunity to attend both.

—The first base ball team of M. M.
I. have had their measures taken for
their new uniforms. They are practic-
ing every pretty day for the spring
games. Their schedule for the entire
season will be ready for publication
within the next two weeks. The
second team was organized last week
and did their first hard practice work
Saturday afternoon. We have two
brilliant teams and believe that the
first team will be as successful in
crossing bats with the Kentucky col-
leges as it was last year and the second
will be able to cope with any of its
class.

Accidentally Killed White Hunt- ing.

Robert Maybrier, aged 18 years, at-
tempted to scare a rabbit out of a
brush pile Thursday afternoon by
punching with the butt end of a double
barrel shotgun. The gun went off and
the contents of the barrels entered
young Maybrier's stomach, resulting
in his death in a few hours afterwards.
He was the son of Mr. and Mrs. John
Maybrier, who reside on the Joyce
farm, about five miles from Paris.

Maybrier was hunting ducks on the
Joe Houston farm and chased a rabbit
into a pile of brush when the accident
occurred, which was witnessed by a
negro farm hand who gave the alarm.
Maybrier was taken to his home a
short distance away and physicians
summoned from Shawhan and Paris in
attempt to save his life, but he died
before the arrival of the physicians.

Thunder in Winter.

Thunder in the winter time is a sure
sign of change in temperature, but
you don't know whether it is for colder
or warmer until the change comes. It
is like the old woman's knowledge of
how to tell good eggs from bad ones.
She knew that when put into water,
one would sink and the other would
not, but to save her life she could not
remember which.
